Profile

Title: **Braam Outcomes for FY09 from the Survey of Foster Parents and Relative Caregivers in Washington State**

Abstract: This FY09 annual report presents the survey results and the outcome calculations for the fiscal year 2009 survey of foster parents and relative caregivers in Washington State. The SESRC has conducted this telephone survey of foster parents and relative caregivers in Washington State annually since 2007. The main purpose of the survey is to obtain information that is helpful to all areas of the Braam Settlement. In developing the survey design, questionnaire, and procedures, the SESRC consulted with the Braam Oversight Panel, the Washington State Foster Parent's Association, the Children's Administration (CA) Youth Advisory Group, and the foster parent liaisons. The previous surveys were conducted in spring of 2007 (SESRC Data Report #07-048), spring of 2008 (SESRC Data Report #08-044), and spring of 2009 (SESRC Data Report #09-040). The present report represents a change from a calendar year basis to a fiscal year basis, and a change in the survey methodology to quarterly implementation. Whereas the first two surveys asked questions about the previous calendar year, beginning with the third (2009) survey, questions are based on the previous six month period. The present FY09 annual report is based on the two quarterly surveys conducted in the last half of 2009 (which asked questions about the first six months of 2009), and a random half of the interviews conducted in the 2009 survey (which asked questions about the last six months of 2008).

Method: The survey methods included mailing a letter to a random sample of foster parents and relative caregivers prior to the start of the telephone calling. Telephone interviews were then attempted with as many people as could be reached during the survey period. SESRC made use of a computer assisted telephone interview (CATI) system, and a call scheduler to ensure that up to 15 call attempts were made to reach each respondent. The telephone interview averaged 20 minutes in length.

Results: For this report, the survey results are based on a total of **1,307** interviews. The cooperation rate for the telephone interview was **90%**. The overall response rate was **59.1%**; with a sample error of **± 2.5%**.

I. SURVEY IMPLEMENTATION AND OUTCOME MEASUREMENT

Survey Design

Study Background and Survey Objectives This report represents a change from a calendar year basis to a fiscal year basis, and a change in the survey methodology to quarterly implementation. The first two surveys of foster parents and relative caregivers, conducted in 2007 and 2008, asked questions about the previous calendar year and each was conducted over a three-month period. For the FY09 survey it was decided that a quarterly implementation would make it easier for caregivers to respond to questions about the previous six month period, and would also allow the results to be reported for a fiscal year, rather than a calendar year. Thus, beginning with the FY09 survey, questions are based on the previous six month period.

Because of the transition from a calendar year report (2009) to a fiscal year report (July 2008 to June 2009), and because this is the first fiscal year report, the data for the present report include some interviews from the 2009 survey report, as well as new interviews conducted between July and December of 2009. By a consensus of the survey work group and the Braam Panel it was agreed that a random half of the data from the 2009 report (interviews conducted between January to June 2009) would be merged with the data from the July to December 2009 interviews. This was done so that the survey results would be based on data for the full 2009 fiscal year, and that there would be approximately an equal number of survey respondents for each half year. The survey conducted in January to June 2009 asked questions about the period from July through December of 2008. The survey conducted in July to December 2009 asked questions about the period from January through June of 2009.

The present FY09 annual report is thus based on interviews conducted during the 2009 calendar year with questions that asked about caregiver experiences during the 2009 fiscal year which runs from July 2008 to June 2009.

The main purpose of the survey is to obtain information that is helpful to all areas of the Braam Settlement Agreement related to caregivers' work with foster children and associated outcomes and action steps. * The foster parent survey addresses all areas of the Braam Settlement Agreement: placement stability, mental health, foster parent training and information, unsafe and inappropriate placements, sibling separation, and services to adolescents. Several types of questions are included in the survey:

- Monitoring- Certain questions in the foster parent survey are being used by the Braam Oversight Panel to monitor Children's Administration's progress toward nine of the outcomes specified in the Braam Implementation Plan. These specific questions are used to calculate outcome data (see section II of this report).
- Informational- Some questions in the foster parent survey are related to the goals of the Braam Settlement Agreement, but will not be used by the Braam Panel to monitor compliance with the agreement. In these areas, these data will be used by Children's Administration, providers, and stakeholders to better understand the experiences of foster parents and inform practice improvement (see section III).
- Demographic and background information- The foster parent survey includes a number of demographic and background questions (see section III).

In developing the original survey design, questionnaire, and procedures, the SESRC consulted with the Braam Oversight Panel, the Foster Parent Association of Washington State (FPAWS), the Children's Administration (CA), foster parent liaisons, and the Braam Survey Advisory Group. The survey questionnaire was extensively reviewed by foster parents, Braam Panel members, Children's Administration staff, and Braam plaintiffs' attorneys, to ensure that it would provide adequate measures of specific Braam Panel outcomes over time.

* The Braam Settlement Agreement is available online at the website below:

** The Braam Implementation Plan is also available online at this website:

<http://www.braampanel.org>

Population and Sample

The population for this survey is all foster parents and relative caregivers who cared for a child or children placed in state custody in Washington State during the 2009 fiscal year. The sampling frame for this survey is the list of all foster parents and relative caregivers registered by the State of Washington who provided care to at least one child/youth during the 2009 fiscal year.

Survey Population of Active Caregivers by Region (as of March 2009)				
Region	Foster Parents		Relative Caregiver	Total
	CA	Private		
1	461	74	460	995
2	250	124	251	625
3	322	150	552	1024
4	238	220	505	963
5	203	355	492	1050
6	528	110	337	975
Total	2002	1033	2597	5632

The sample plan was designed to represent all six DSHS regions in proportion to their representation in all of Washington State. The sample includes only active caregivers, including those licensed through private agencies and those licensed through the state. The sample also includes those who are unlicensed relative caregivers and registered with the state.

Foster parents who were inactive during the 2009 fiscal year were not included in the survey, even though they had been included in prior surveys. Our previous experience attempting to interview inactive foster parents was not very successful since most inactive foster parents could not be located or did not want to participate in the survey.

Completed Interviews by Type and Region

Interviews Conducted January to June 2009				
Region	Foster Parents CA	Private	Relative Caregiver	Total
1	72	12	42	126
2	49	13	17	79
3	42	19	37	98
4	28	26	27	81
5	35	37	29	101

Max SE*	3.1%	4.9%	5.3%	2.4%	

***SE = Sample Error at 95% Confidence Level**

Survey Implementation and Procedures

Survey Procedures Several procedures were implemented that helped to build a rapport with respondents and to ensure that respondents felt comfortable with the survey. Information about the survey was placed on the BRAAM website and the DSHS website just as the survey data collection period was getting underway. The SESRC telephone Interviewers were provided with a "Frequently Asked Questions" reference sheet to help answer questions that foster parents may have about the survey. An advance letter was sent to all foster parents and relative caregivers in the sample approximately one week before the beginning of telephone interviews. The purpose of the advance letter was to let foster parents know that a SESRC interviewer would be calling and to inform them about the topic of the survey. A toll-free 800-telephone number that foster parents could call in to ask questions about the survey was maintained during the calling period.

A particular concern for this survey was to put in place safeguards to guarantee confidentiality of survey responses and anonymity in survey results. To ensure that survey respondents cannot be identified from their survey responses the SESRC follows federal guidelines for protection of human subjects and maintains the survey dataset in a secure location at SESRC. The survey dataset is not being released unless there is prior written approval from the Braam Oversight Panel.

Telephone Interviews. Interviews for the fiscal year 2009 survey were conducted in three waves. First, interviews of caregivers who provided care between July and December 2008 were conducted between June 12, 2009 and August 13, 2009. Second, interviews of caregivers who provided care between January and June 2009 were conducted between September 23, 2009 and October 25, 2009. A third wave of interviews was conducted between November 2, 2009 and December 8, 2009. All call attempts were made at different times of the day and on different days of the week in order to maximize the likelihood of reaching respondents. At least three evening call attempts were made and two daytime call attempts. At least one call attempt was made on the weekend. If an interviewer called at an inconvenient time for the respondent, the interviewer attempted to schedule a specific time to re-contact the household for an interview. If an answering machine was encountered, interviewers were instructed to leave a scripted answering machine message. If a message was left, the case was held for three days and then called on again. Only one AM message was left per case. The average length for a completed interview was 20 minutes. Interviewers made an average of fifteen call attempts per hour during the calling period.

Response Rates For the interviews conducted between January and June of 2009, the final cooperation rate achieved was 90% and the response rate achieved was 59%. The cooperation rate indicates the percent of people who are contacted for an interview that agree to participate in the survey. The response rate indicates the percent of people in the total sample, minus the ineligible respondents, that participate in the survey. The calculation of both measures is based on the suggested definitions and procedures defined by the American Association for Public Opinion Research (AAPOR).

For the interviews conducted between July and September of 2009, the cooperation rate achieved was 90% and the response rate achieved was 61%. For the interviews conducted between October and December 2009, the cooperation rate achieved was 88% and the response rate achieved was 59%.

That current phone numbers were not available for foster parents and caregivers is not an indication that DSHS is unable to contact children and youth in out-of-home care. Explanations for the non-working and missing phone numbers include that the caregivers may have discontinued providing care and their phone numbers had changed, phone numbers may have changed between the time the sample was pulled and the caregiver was called, or the numbers could have been misdialed or entered incorrectly into the CAMIS database. SESRC returned nonworking numbers to Children's Administration several times during each survey so that numbers could be checked and corrected.

The cooperation rate and the response rate achieved in this study are higher than last year's rates and are higher than what is generally achieved in public opinion surveys. These high rates reflect what our telephone interviewers experienced in conducting the telephone interviews – that foster parents and relative caregivers were highly interested in the survey and in offering their views on the issues addressed in the survey. The high cooperation and response rate are also due to the efforts of the SESRC data collection supervisors and interviewers in contacting respondents at various times throughout the day and on various days throughout the week during the survey period to ensure that people who were not at home would still have an opportunity to participate in the survey. This high response rate ensures that the survey results are truly representative of the population of all foster parents and relative caregivers in Washington State.

Sample Error Sample error is a measure of the degree to which a randomly selected sample of respondents represents the population from which it is drawn, at a given level of confidence (usually 95%). The survey sample was designed to ensure that the maximum sample error for licensed caregivers and for unlicensed caregivers was no larger than plus or minus 5%, and for regional results was no larger than plus or minus 10% at a 95% confidence level. The survey achieved and exceeded these objectives. The maximum sample error for the entire survey is no larger than plus or minus 2.4%. This means that we can have 95% confidence that sample results do not deviate from the population of all caregivers in the state by more than 2.4% for questions with two response categories and 1,307 respondents. Sample errors vary for each question, with the result dependent on the number of response categories, the population size, and the number of respondents answering the question.

Additional Information about the Survey

- Caregivers who did not care for a child in foster care/kinship care between July and December 2008 or between January and June of 2009 were excluded from the survey.
- Foster parents with multiple children in the home were asked to answer survey questions about only one child. The child selected was the one who had spent longer than 60 days in the home during the last half of 2008 or the first half of 2009. If there was more than one such child in the household, then parents were allowed to select which child to answer questions about.
- Caregivers who cared only for children who were adopted or in a guardianship (not children remaining in foster/kinship care) during the last half of 2008 or first half of 2009 were excluded from the survey.
- Only caregivers whose children had spent longer than 60 days in the home between July and December of 2008 or January through June of 2009 were eligible to participate in the survey.
- The survey included explicit definitions for certain terms used in the interviews (e.g., "medically fragile," "physically assaultive or physically aggressive youth" and "sexually aggressive youth").
- Interviewers were provided with responses to frequently asked questions (FAQs) about the survey to ensure that all respondents would get the same information about the survey.
- Children's Administration policy as of September 1, 2008 requires monthly visits for all children in out-of-home care. These visits include individual and private time with the child to discuss the child's situation. For children who are non-verbal, this individual and private part of the monthly visit is not expected.

Outcome Measurement

Introduction A number of specific questions in the foster parent survey are being used by the Braam Oversight Panel to monitor Children's Administration's progress toward the following nine outcomes specified in the Braam Implementation Plan:

Outcomes related to Foster Parent Training and Information (note: pursuant to the Braam Implementation Plan, these measures apply to licensed caregivers only):

- C.1.1 Percentage of caregivers reporting adequate training for their roles and responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).
- C.1.2 Percentage of caregivers reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).
- C.1.3 Percentage of caregivers reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental and educational needs).

Outcomes related to Unsafe and Inappropriate Placements (applies to both licensed and unlicensed caregivers):

- D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.
- D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.
- D.1.4 Children identified as physically assaultive (PAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.
- D.1.6 Percentage of children receiving a private and individual face-to-face visit from the caseworker for each full placement month.

Outcomes related to Mental Health (applies to both licensed and unlicensed caregivers):

- B.4.1 Each child will receive behavioral health services from the same individual provider.

Outcomes related to Sibling Separation (applies to both licensed and unlicensed caregivers):

- E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.

This report describes which survey questions are included in each Braam outcome, and how the survey responses enter into the calculation of each outcome. The outcome measurement and calculation is done at the request of the Braam Panel and after discussion with all stakeholders in the Braam Settlement Agreement.

There are four guiding principles in the development of these outcome measures:

- (1) that the measurement is done accurately;
- (2) that it is fair to all stakeholders;
- (3) that it be reliable;
- (4) that the calculation be easily understood and explainable to others.

Methodology

The procedure for obtaining an outcome measurement has five basic steps:

- (1) Identify the relevant survey questions for each outcome.
- (2) Code all responses to each question to be included in a outcome, as being:
 - In compliance
 - Out of compliance
 - Not applicable
- (3) Obtain the frequency of each code for every question in the outcome, and calculate averages for those questions to be combined.
- (4) Calculate the outcome for each question according to the following formula:

$$\frac{\# \text{ In compliance}}{\# \text{ In compliance} + \# \text{ Out of compliance}}$$

- (5) Calculate the outcome for subgroups and regions:
 - Active foster parents
 - Inactive foster parents
 - Relative caregivers
 - Six regions

Decision Rules

The following pages summarize the outcomes results, and also describe the calculation of each of the nine Braam outcomes and the questions included in the measurement of each outcome.

Notes to the Calculations

- Survey questions asked about experiences in either the last half of 2008 (July through December) or the first half of 2009 (January through June), and all outcomes are based on survey results for fiscal year 2009.
- Results are presented separately for licensed and unlicensed caregivers, since some outcomes only apply to licensed caregivers, and others apply to all caregivers.
- While the total number of survey respondents is 1,307 some questions did not apply to some foster parents and relative caregivers. Thus, the total number of responses to any specific question will be less than 1,307 and in some cases much less.
- The data tables for the outcome measures in this report only show the number of survey respondents that are "in" compliance with the outcome and those that are "out" of compliance with the outcome. The number of respondents for whom the outcome did not apply, or that missed the question is not shown because this can be determined by subtracting the total in each data table from the total number of survey respondents (1,307).
- Most outcomes have screening questions to make sure that they are applied only to the relevant caregivers. These screening questions and the survey data are described in the calculation of each outcome measure.
- For outcome C.1.2 there is one question (Q78) that was not factored into the outcome for the year 2006, because the related policy was not yet in place. In subsequent years, including the current survey, this question is included in calculating the outcome.
- Outcomes C.1.1, C.1.2, and C.1.3 apply only to licensed caregivers. Thus, for **these three outcomes** the % in compliance in the overall summary results (page 10) and the results for all caregivers by region (page 12) is limited to only **licensed** caregivers.
- The calculation of the outcome for C.1.3 is limited to caregivers with placements in fiscal year 2009. The Braam Panel has agreed that only cases for which placement with the current caregiver occurred during fiscal year 2009 (or applicable period) will be factored into this outcome.

Trends for all Nine Braam Survey Outcomes

The table below displays the percent of caregivers meeting each of the Braam outcome criteria for surveys conducted in years 2007 through 2009, and for the FY09 report.*

			2007	2008	2009	FY09*
Type	Outcome		%	%	%	%
Licensed	C.1.1	Adequate Training	88.6%	86.4%	85.9%	85.9%
	C.1.2	Adequate Support	76.3%	75.6%	71.5%	71.9%
	C.1.3	Adequate Information	72.8%	72.4%	72.3%	75.4%
	D.1.5	Medically Fragile Children	77.9%	77.9%	88.4%	83.2%
	D.1.3	Sexually Aggressive Youth	50.8%	57.5%	72.7%	74.6%
	D.1.4	Physically Assaultive Youth	50.8%	51.2%	53.4%	55.8%
	D.1.6	Monthly Caseworker Visits	38.1%	40.7%	66.4%	71.0%
	B.4.1	Behavioral Health Services	74.4%	86.6%	94.8%	95.2%
	E.2.1	Sibling Visits & Contacts	45.4%	51.0%	51.2%	49.8%
**Unlicensed	C.1.1	Adequate Training	80.4%	71.2%	86.0%	87.0%
	C.1.2	Adequate Support	72.3%	74.7%	71.9%	68.6%
	C.1.3	Adequate Information	74.9%	70.4%	74.6%	75.7%
	D.1.5	Medically Fragile Children	68.8%	69.6%	81.0%	85.7%
	D.1.3	Sexually Aggressive Youth	12.3%	38.5%	28.6%	20.0%
	D.1.4	Physically Assaultive Youth	12.3%	14.8%	20.0%	25.0%
	D.1.6	Monthly Caseworker Visits	37.6%	47.6%	75.4%	73.4%
	B.4.1	Behavioral Health Services	78.0%	93.5%	95.7%	96.2%
	E.2.1	Sibling Visits & Contacts	54.8%	55.2%	61.6%	63.9%
Combined Total	C.1.1	Adequate Training	86.7%	82.3%	85.9%	86.1%
	C.1.2	Adequate Support	74.9%	75.3%	71.6%	71.1%
	C.1.3	Adequate Information	73.5%	71.7%	73.0%	75.4%
	D.1.5	Medically Fragile Children	74.9%	75.1%	87.6%	83.5%
	D.1.3	Sexually Aggressive Youth	44.7%	55.0%	68.5%	70.3%
	D.1.4	Physically Assaultive Youth	44.7%	44.7%	50.0%	52.9%
	D.1.6	Monthly Caseworker Visits	37.9%	43.2%	68.9%	71.6%
	B.4.1	Behavioral Health Services	75.4%	88.8%	95.0%	95.4%
	E.2.1	Sibling Visits & Contacts	48.4%	52.4%	53.7%	52.8%

*Note that because of the transition from a calendar year report to a fiscal year report, the FY09 column includes half of the interviews reported in the 2009 column.

**Note that outcomes C.1.1, C.1.2, and C.1.3 apply only to licensed caregivers. The results for these outcomes for unlicensed caregivers is collected and presented only for informational purposes.

FY09 Overall Summary Results

Outcome	% Meeting Criterion
C.1.1 Percentage of <u>licensed caregivers</u> reporting adequate training for their role responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).	85.9%
C.1.2 Percentage of <u>licensed caregivers</u> reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).	71.9%
C.1.3 Percentage of <u>licensed caregivers</u> reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental and educational needs).	75.4%
D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.	83.5%
D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.	70.3%
D.1.4 Children identified as physically assaultive (PAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.	52.9%
D.1.6 Percentage of children receiving a private and individual face-to-face visit from the caseworker for each full placement month.	71.6%
B.4.1 Each child will receive behavioral health services from the same individual provider.	95.4%
E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.	52.8%

**FY09
Results for Licensed Caregivers
And Unlicensed Caregivers**

Outcome	% Meeting Criterion	
	Licensed Caregivers	Unlicensed Caregivers
C.1.1 Percentage of <u>licensed caregivers</u> reporting adequate training for their role responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).	85.9%	87.0%
C.1.2 Percentage of <u>licensed caregivers</u> reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).	71.9%	68.6%
C.1.3 Percentage of <u>licensed caregivers</u> reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental and educational needs).	75.4%	75.7%
D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.	83.2%	85.7%
D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.	74.6%	20.0%
D.1.4 Children identified as physically assaultive (PAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.	55.8%	25.0%
D.1.6 Percentage of children receiving a private and individual face-to-face visit from the caseworker for each full placement month.	71.0%	73.4%
B.4.1 Each child will receive behavioral health services from the same individual provider.	95.2%	96.2%
E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.	49.8%	63.9%

**Note that outcomes C.1.1, C.1.2, and C.1.3 apply only to licensed caregivers. The results for these outcomes for unlicensed caregivers is collected and presented only for informational purposes.*

II. CALCULATION OF OUTCOMES

C.1.1 Percentage of licensed caregivers reporting adequate training for their role responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).

This outcome is measured by one question (Q27). This question asks foster parents to think about **all** of their training in the last three years and comment on its adequacy. Although Q27 asks foster parents to consider only their training within the past three years, the outcome does not include this time limitation. According to the Implementation Plan, this outcome applies to all licensed caregivers including foster parents and relative caregivers. For the purposes of calculating this outcome, responses of "already prepared" and "have not had training" are counted as not applicable.

C.1.1 Outcome Results (Licensed caregivers only)

Q27 Overall, thinking about ALL of the training that you have had in the last three years, how adequately has it prepared you to care for the needs of foster children placed in your home? * BQ27 Outcome Crosstabulation

Total		160	24	184	87.0%
Overall Combined		985	159	1144	86.1%

C.1.2 Percentage of licensed caregivers reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).

This outcome measure combines a total of seven questions: Q89, Q93, Q94, Q96, Q57, Q58, and Q78, but some questions are averaged so that equal weight is given to each of the four subsections of this outcome: support, cultural competency support, quality of help and support from the agency and social worker, and timely notification about case planning meetings. According to the Implementation Plan, this outcome applies to licensed relative and non-relative caregivers.

*Note: The results for Q78 were not factored into the outcome in the results for the 2007 survey, because the related policy had not been put in place in 2006. Q78, is however included in the outcome calculations for surveys conducted after 2007.

C.1.2 Outcome Results (Licensed caregivers only)

C.1.3 Percentage of licensed caregivers reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental, and educational needs).

This outcome measure combines a total of eight questions: Q59, Q61, Q64, Q60, Q62, Q65, Q63A, and 63B and all questions are given equal weight. Questions refer to information provided to the caregiver at the time of placement. For some foster parents this will have been earlier than the year we are assessing. *Thus, the Panel has agreed that only cases for which placement with the current caregiver occurred during FY09 will be factored into the outcome.* According to the Implementation Plan, this outcome applies to licensed caregivers only.

This outcome is restricted to only those foster parents whose children were placed with them in FY09. Questions related to children's developmental needs (Q63A& 63B) were added for the survey covering 2007 and subsequent years based on revisions to the Implementation Plan.

D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.

This outcome has two screen questions (Q33 and Q38). Only foster parents who answer "yes" that they were caring for a child identified by the agency as "medically fragile" (Q33) are included in the calculation for this outcome measure. Q38 is a second screen question. Foster parents who answer "no" or "not sure" that they needed medical care for this child in 2008, are considered "in compliance" if Q35 is "yes." Foster parents who answer "yes" to Q38, must also answer "yes" to Q39 to be considered in compliance.

A definition of "medically fragile children" was added to the survey in 2009, along with a third screen question (Q33A). This ensures that only caregivers who cared for children meeting this definition would be included in the outcome calculation.

D.1.5 Outcome Results (All Caregivers)

Q33 In the first half of 2009 were you caring for a child identified by the agency as 'medically fragile'

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Yes	222	17.0	17.2	17.2
	No	1066	81.6	82.8	100.0
	Total	1288	98.5	100.0	
Missing	Don't know	6	.5		
	System	13	1.0		
	Total	19	1.5		
Total		1307	100.0		

Medically Fragile Children are those who have medical conditions that require the availability 24-hour skilled care from a health care professional or specially trained family or foster family member. These conditions may be present all the time or frequently occurring. If the technology, support and services being received by the medically fragile children are interrupted or denied, the child may, without immediate health care intervention, experience death.

Q33A Given this definition of 'medically fragile' children, would you say that this child for whom you care meets this definition?

		Frequency	Percent	Valid Percent	Cumulative Percent

D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.

This outcome, as well as the related foster parent survey questions and decision rules, have been significantly revised from the 2007 survey. In the 2007 survey, SAY and PAY were combined into a single outcome. Beginning with the 2008 survey, separate outcomes were measured for SAY and PAY. A definition of "sexually aggressive youth" was added to the survey in 2009, along with a second screen question (Q115A). This ensures that only caregivers who cared for children meeting this definition would be included in the outcome calculation.

For SAY, Q115 is a screen question. Only foster parents who answer "yes" that a child identified by the agency as sexually aggressive was placed into their home in FY09 are included in the calculation of this outcome. Answers to both Q114 and Q118 must be YES to be considered in compliance

D.1.3 Outcome Results (All Caregivers)

QR115 Was a child identified by the agency as sexually aggressive placed into your home during the first half of 2009, including only those children who remained in the custody of DCFS and not in guardianship.

Sexually Aggressive Youth means those youth who have committed a sexually aggressive act or other violent act that is sexual in nature, whether or not they have been charged. This does not refer to developmentally normal exploration. The sexually aggressive acts should have involved power over the victim through age difference (normally four or more years) or force/coercion.

D.1.4 Children identified as physically assaultive (PAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.

This outcome, as well as the related foster parent survey questions and decision rules, have been significantly revised for the survey covering 2007. In the 2007 survey, SAY and PAY were combined into a single outcome. Beginning with the 2008 survey, separate outcomes were measured for SAY and PAY. A definition of "physically assaultive youth" was added to the survey in 2009, along with a second screen question (Q110A). This ensures that only caregivers who cared for children meeting this definition would be included in the outcome calculation.

For PAY, Q110 is a screen question. Only foster parents who answer "yes" that a child identified by the agency as physically assaultive was placed into their home in FY09 are included in the calculation of this outcome. Answers to both Q109 and Q113 must be YES to be considered in compliance

D.1.4 Outcome Results (All Caregivers)

QR110 Was a child identified by the agency as physically assaultive or physically aggressive placed into your home during the first half of 2009, including only those children who remained in the custody of DCFS and not in guardianship.

		Frequency	Percent	Valid Percent	Cumulative Percent

Total		1307	100.0		

Physically Assaultive or Physically Aggressive means those youth who have been observed to willfully assault a person with the potential of inflicting bodily harm to that person. This definition also includes youth who have made real threats to use a weapon or attempted to inflict harm to a person. Developmental level should be considered. A toddler who bites or hits is not considered physically assaultive.

Q110A Given this definition of 'Physically Assaultive or Physically Aggressive' children, would you say that this child you care for meets this definition?

B.4.1 Each child will receive behavioral health services from the same individual provider.

This outcome has a screen question (Q68). Only foster parents who answer "yes" that during 2008 this child received mental health services are included in the calculation of this outcome.

An additional question (Q72) related to whether the foster parent feels that the change in clinician or treatment team was necessary to improve/maintain quality of care was added to the calculation of this outcome in the 2008 and 2009 surveys.

E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.

This outcome has three screen questions (Q125, Q126 and Q127). Only foster parents who indicate that the child has a sister or brother ("yes" to Q125), who was not placed in the foster parent's home in 2008 ("no" to Q126), and for whom contact was not disallowed by DCFS or the court ("no" to Q127) are included in the calculation of this outcome.

In the 2007 survey this outcome was measured by a single question which asked about visits and contacts with siblings. Beginning with the 2008 survey this question was separated into two questions, one about visits, and a second question about contacts.

Compliance is based on a total of two or more monthly visits or contacts. Responses are considered in compliance if there were two or more visits per month (Q128), two or more other forms of contact per month (Q128B), or through a combination of visits and contacts (combination of Q128 and Q128B).

APPENDICES

Survey Results for FY09

The survey results are presented in the following pages for all 1,307 foster parents and relative caregivers who participated in the FY09 survey and fully or partially completed the survey. The data are crosstabbed to show results for licensed and unlicensed caregivers, and for the all respondents. Percentages reported in the tables that follow sum to 100% for each column in each table. Only non-missing values are shown in the tables; respondents who skipped questions or who did not answer a question are not shown in the tables that follow.

Note that the results presented here display the questions as they were asked in the most recent survey (interviews conducted between July and December 2009). Thus, questions displayed on these pages will use the January to June 2009 reference period, even though this reference period was July to December 2008 for the half of the respondents interviewed between January and June 2009.

Introduction**BEGIN**

Hello, is this the <Respondent Name> household? This is <interviewer name> from Washington State University.

- | | | | |
|----|--------------------------------|---|------------------------------|
| 1. | Yes – Continue | 1 | |
| 2. | Not available – Callback | 2 | → Get best time to call back |
| 3. | Nonworking number | 3 | |
| 4. | Noncontact | 4 | |
| 5. | Communication barrier | 5 | |
| 6. | Other | 6 | |
| 7. | Ineligible | 7 | |

BEGN2

We mailed a letter recently about a survey we are conducting of foster parents and caregivers in Washington State. Do you remember receiving the letter? (IWR Prompt if R says NO: "It was a brief letter to let you know we would be calling.") The survey is being conducted to improve our understanding of the foster care system in Washington from the foster parent and caregiver perspective. May I speak with the main foster parent or child caregiver in your household?

- | | | | |
|----|-------------------------------|---|------------------------------|
| 1. | Yes - Continue..... | 1 | |
| 2. | Not available - Callback..... | 2 | → Get best time to call back |
| 3. | Refusal..... | 3 | → Thank them for their time |

CELL

First, for safety reasons I need to ask if this a cellular phone?

- | | | | |
|----|---------------------|---|--|
| 1. | Yes - Continue..... | 1 | |
| 2. | No | 2 | |

CLSAF

Are you in a place where you can safely talk on the phone and answer my questions (that is you are not currently driving)? (IWR: If R cannot safely talk which included driving in a car then say "Sorry to have bothered you, we can call you back at another time." Set a GB General Call-Back.)

- | | | | |
|----|---------------------|---|---------------------|
| 1. | Yes - Continue..... | 1 | |
| 2. | No | 2 | → Schedule callback |

CONFD

Before we begin I want you to know that this interview is completely voluntary and has been approved by Washington State University. While parts of this interview may be monitored by my supervisor, your answers will be kept strictly confidential. If I come to any question you would prefer not to answer, just let me know and I'll skip over it. The questions will take about 20 minutes to complete.

- | | | | |
|----|---------------------------------|---|------------------------------|
| 1. | Yes - Continue..... | 1 | |
| 2. | Not a good time - Callback..... | 2 | → Get best time to call back |
| 3. | Refusal..... | 3 | → Thank them for their time |

Background Questions

Q1. First, I have just a few questions about your role as a foster parent or caregiver. Between January and June of 2009 did you care for any children placed by DCFS?

- 1. YES
- 2. NO → Skip to End & code as Ineligible
- D → Skip to End & code as Ineligible
- R → Skip to End & code as Ineligible

Q2. How many children placed by DCFS were you caring for between January and June of 2009?

_____ # CHILDREN (0 to 99)

Q3. Was/were (the child/children) that you cared for between January and June of 2009 in a guardianship or adopted by you?

- 1. YES → Skip to End & code as Ineligible
- 2. Some were and some weren't
- 3. NO
- D
- R

Q4. Did (the child/any of the children) who (was/were) not in a guardianship or adopted by you, spend more than 60 days in your home?

- 1. YES
- 2. NO → Skip to Q27 and then Code as Complete-Ineligible
- D
- R

Q5. Can you please confirm the number of children who were placed by DCFS, spent more than 60 days in your home, and were not in a guardianship or adopted by you during the period of January 1, 2009 and June 30, 2009?

- 1. One
- 2. Two
- 3. Three
- 4. Four
- 5. Five
- 6. Six
- 7. Seven
- 8. Eight
- 9. Nine

Q6. Were you licensed through the Division of Licensed Resources, known as DLR, or through a Private Agency, or were you not licensed?

- 1. DLR
- 2. Private Agency
- 3. Not licensed
- 4. Not sure

Q7N. In the first half of 2009, did you care for any children of a different ethnicity than you?

1. Yes
2. No
3. Not sure

Throughout the survey when I say "first half of 2009" I mean the time period between January and June of 2009.

Child Demographics

IF Q5 >1 → For the remaining questions in this survey, we need to select one child, of the <Q05> children placed in your home by DCFS in the first half of 2009. When I say "first half of 2009" I mean the time period between January and June of 2009. I am going to refer to the child you choose as "this child." Do you have a child in mind? (IWR: Press ENTER to Continue when R has Child in mind.)

IF Q5 = 1 → The next set of questions are about the one child placed by DCFS, who has spent longer than 60 days in your home during the first half of 2009. Throughout the survey when I say "first half of 2009" I mean the time period between January 1, 2009 and June 30, 2009.

Q40. Can you please tell me whether this child is male or female?

1. Male
2. Female

Q41. How old is this child?

_____ Age in Years

Q42. In what month and year was this child placed in your home?

_____ Month _____ Year

Q43. Please tell me the racial or ethnic background that best describes this child. (IWR: Read categories if R gives you a race or ethnicity that does not fit the list.)

- 1 American Indian/Native American
- 2 Black or African American
- 3 Asian, Hawaiian, or Pacific Islander
- 4 Hispanic or Latin American
- 5 Caucasian or white
- 6 Eskimo or Aleut
- 7 Multiple ethnicities
- 8 Other ethnicity
- 9 Not Sure

Sibling Visits

Q125. Does this child have a sister or brother?

- 1 Yes
- 2 No → SKIP to Q59
- 3 Not sure → SKIP to Q59

Q125A. How many sisters and brothers does this child have?

- 1. One
- 2. Two
- 3. Three
- 4. Four
- 5. Five
- 6. Six
- 7. Seven
- 8. Eight
- 9. Nine or more
- D. Don't know

Q125B. Of these, how many are full siblings, half, and step siblings?

FULL		HALF		STEP	
0.	None	0.	None	0.	None
1.	One	1.	One	1.	One
2.	Two	2.	Two	2.	Two
3.	Three	3.	Three	3.	Three
4.	Four	4.	Four	4.	Four
5.	Five	5.	Five	5.	Five
6.	Six	6.	Six	6.	Six
7.	Seven	7.	Seven	7.	Seven
8.	Eight	8.	Eight	8.	Eight
9.	Nine or more	9.	Nine or more	9.	Nine or more
D	Don't Know	D	Don't Know	D.	Don't Know

Q126. In the first half of 2009, were all siblings (full, half, and step) of this child placed in your home?

- 1 Yes → SKIP TO Q59
- 2 No
- 3 Not sure

Q126A. If all the siblings (full, half and step) were not placed in your home, how many were placed in each of these settings?

- A. With their mother _____ (0-9)
- B. With their father _____
- C. With a relative or unlicensed family friend _____
- D. In another foster home _____
- E. In a group home _____
- F. Some other setting _____
- G. Don't Know _____

Q126B. I am going to read a list of reasons that siblings may not be placed together, as I read each one, please tell me whether or not this is a reason that this child's sibling(s) (is/are) not placed in your home?

A. Siblings live far apart	yes	no	DK
B. Siblings don't get along	yes	no	DK
C. Your home doesn't have room for all siblings	yes	no	DK
D. Siblings can't live together due to safety issues	yes	no	DK
E. Siblings don't know one another	yes	no	DK
F. Siblings are over age 18	yes	no	DK
G. You are not willing or able to take all siblings	yes	no	DK
H. The department didn't ask you to	yes	no	DK
I. You are not sure why	yes	no	DK
J. Some other reason	yes	no	DK

Q127. Did DCFS or the court tell you not to allow visits or contact between the child and his/her siblings?

- 1 Yes → SKIP to Q59
- 2 No
- 3 Not sure

Q128. In a typical month in the first half of 2009, how often did this child have visits with their siblings? Would you say . . .

- 0 Not at all
- 1 Less than once a month
- 2 Once a month
- 3 Twice a month
- 4 Three times a month
- 5 Four times a month
- 6 More than 4 times a month
- 7 Not sure

Q128B. In a typical month in the first half of 2009, how often did this child have other forms of contact with their siblings, not including staffing meetings or court events? Would you say . . .

- 0 Not at all
- 1 Less than once a month
- 2 Once a month
- 3 Twice a month
- 4 Three times a month
- 5 Four times a month
- 6 More than 4 times a month
- 7 Not sure

(ASK NEXT QUESTION ONLY IF RESPONSES TO Q128 AND Q128B TOGETHER TOTAL LESS THAN TWICE A MONTH; I.E., SUM OF Q128 AND Q128B IS < 2)

Q128C What are the main reasons that this child has not had visits or other forms of contact with their siblings at least twice a month? (CODE RESPONSE)

A. This child doesn't want visits or contact	yes	no	DK
B. Visits or contact have not been coordinated by the department	yes	no	DK
C. The children are physically far apart	yes	no	DK
D. Children's age makes phone or other contact unreasonable	yes	no	DK
E. Haven't got around to doing it	yes	no	DK
F. Scheduling conflicts	yes	no	DK
G. Sibling's caregiver was unsuccessful in scheduling visits	yes	no	DK
H. Sibling aged out	yes	no	DK
I. Sibling was adopted	yes	no	DK
J. Not sure why	yes	no	DK
K. Some other reason	yes	no	DK

Adequate Information about Children's Needs

Next, I have a few more questions about this child in the first half of 2009, from January through June.

Q59. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's health needs in 2009?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q60. If the child was placed with you in 2009, did you receive health information for this child within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2009
4. Not sure

[IF AGE OF CHILD IN Q41 IS <=4 YEARS → SKIP Q61 & Q62 (since they don't apply)]

Q61. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's education needs in 2009?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q62. If the child was placed in 2009, did you receive information about this child's education history or needs within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2009
4. Not sure

Q63. Has this child been identified as having "developmental delays"?

1. Yes
2. No → SKIP to Q64
3. Not sure → SKIP to Q64

Q63A. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's developmental needs in 2009?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q63B. If the child was placed in 2009, did you receive information about this child's developmental history or needs within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2009
4. Not sure

Q64. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's behavioral needs in 2009?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q65. IF the child was placed in 2009, did you receive information about this child's behavioral problems or substance abuse issues within 30 days after she/he was placed in your home?

1. Yes
2. No
3. Child placed before 2009
4. Not sure

Here are some more questions about this child in the first half of 2009, from January through June.

Same Behavioral Health Provider

Q67A. In your opinion did this child ever have a mental health crisis, in the first half of 2009?

- 1 Yes
- 2 No → SKIP to Q67
- 3 Not sure → SKIP to Q67

Q67B. Did you attempt to get any mental health crisis services for this child in 2009?

- 1 Yes
- 2 No
- 3 Not sure

Q67C. Did this child receive any mental health treatment services for this crisis?

- 1 Yes
- 2 No → SKIP to Q67
- 3 Not sure → SKIP to Q67

Q67D. Were the mental health crisis services for this child provided in a timely manner?

- 1 Yes
- 2 No
- 3 Not sure

Q67. Where there any other times in 2009, that you attempted to get any mental health or substance abuse services for this child?

- 1 Yes
- 2 No → SKIP to Q78
- 3 Not sure → SKIP to Q78

Q68. Did this child receive these mental health treatment or substance abuse services?

- 1 Yes
- 2 No → SKIP to Q78
- 3 Not sure → SKIP to Q78

Q70. In 2009, were the mental health services for this child provided by one clinician or by a team of clinicians?

- 1 By just one clinician
- 2 By a team of clinicians
- 3 Not sure

Q71. During 2009, did the same clinician or team of clinicians provide services to this child or did this child/your foster child experience a change in clinicians or treatment teams?

- 1 The same clinician/ treatment team → SKIP to Q78
- 2 Different clinicians/ treatment teams
- 3 Not sure → SKIP to Q78

Q72. In your opinion was this change in clinician or team of clinicians necessary to maintain or improve the quality of care for this child/your foster child

- 1. YES
- 2. NO
- 3. OR YOU ARE NOT SURE

Adequate Support - A

Q78. During the first half of 2009 did you receive timely notification at least 5 days prior, about shared case planning meetings; for example: ISSP meetings, CHET meetings, multiple placement staffings, or case conferences, for this child? (Exclude meetings that were called on an emergency basis.)

- 1 ALWAYS
- 2 MOST OF THE TIME
- 3 ABOUT HALF THE TIME
- 4 RARELY
- 5 NEVER

Q57. In the first half of 2009, how often did the agency notify you about court hearings for this child within 10 working days prior to court hearings (excluding hearings called on an emergency basis)? Would you say . . .

- 1 ALWAYS

- 2 MOST OF THE TIME
- 3 ABOUT HALF THE TIME
- 4 RARELY
- 5 NEVER
- 6 OR WERE THERE NO COURT HEARINGS IN 2009 → SKIP to Q53

Q58. *In the first half of 2009, how often did the agency advise you that you would have an opportunity to be heard at these hearings? Would you say . . .*

- 1 ALWAYS
- 2 MOST OF THE TIME
- 3 ABOUT HALF THE TIME
- 4 RARELY
- 5 NEVER

Adequate Support - B

Q53. *In the first half of 2009, about how often did this child's social worker have a private and individual face-to-face visit with this child, either at home or outside of the home? Would you say . . .*

- 1. SEVERAL TIMES A MONTH
- 2. ABOUT ONCE A MONTH
- 3. ABOUT EVERY OTHER MONTH
- 4. ABOUT EVERY THREE MONTHS
- 5. ABOUT EVERY SIX MONTHS
- 6. ONCE IN THE WHOLE YEAR
- 7. NEVER IN 2009
- 8. Not sure

Q94. *Overall how satisfied are you with the quality of help and support provided by this child's social worker in the first half of 2009? Would you say . . .*

- 1 VERY SATISFIED
- 2 SOMEWHAT SATISFIED
- 3 SOMEWHAT DISSATISFIED
- 4 VERY DISSATISFIED
- 5. Not Sure

Medically Fragile Placements

Q33. In the first half of 2009 were you caring for a child identified by the agency as “medically fragile” (include only those children who remain in the custody of DCFS and not in guardianship)

1. Yes
2. No → SKIP to Q110
3. Not sure → SKIP to Q110

I'd like to read the definition of a “medically fragile” child to you:

Medically Fragile Children are those who have medical conditions that require the availability 24-hour skilled care from a health care professional or specially trained family or foster family member. These conditions may be present all the time or frequently occurring. If the technology, support and services being received by the medically fragile children are interrupted or denied, the child may, without immediate health care intervention, experience death.

Q33A. Given this definition of “medically fragile” children, would you say that this child for whom you care meets this definition?

1. Yes
2. No → SKIP to Q110
3. Not sure → SKIP to Q110

Q34. How many medically fragile children were you caring for in the first half of 2009?

_____ # MEDICALLY FRAGILE CHILDREN

Q35. Did you receive preparation and consultation to adequately care for this/these medically fragile child(ren)?

1. Yes
2. No
3. Not sure

Q38. In the first half of 2009 did you need medical care for this/these child(ren)?

1. YES
2. NO → SKIP to Q110
3. Not sure → SKIP to Q110

Q39. In 2009 were you connected to ongoing and appropriate medical care for this/these child(ren)?

1. YES
2. NO

3. Not sure

P-A-Y Questions

QR110. Was a child identified by the agency as physically assaultive or physically aggressive placed into your home during the first half of 2009, including only those children who remained in the custody of DCFS and not in guardianship.

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

I'd like to read the definition of a "Physically Assaultive or Physically Aggressive" child to you:

Physically Assaultive or Physically Aggressive means those youth who have been observed to willfully assault a person with the potential of inflicting bodily harm to that person. This definition also includes youth who have made real threats to use a weapon or attempted to inflict harm to a person. Developmental level should be considered. A toddler who bites or hits is not considered physically assaultive.

Q110A. Given this definition of "Physically Assaultive or Physically Aggressive" children, would you say that this child you care for meets this definition?

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

QR109. Have you received specialized training to care for a child identified as physically assaultive or physically aggressive, sometimes referred to as P-A-Y?

1. Yes
2. No
3. Not sure

QR111. Was a supervision plan developed by the agency to support your care of this child?

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

QR111A. Was the plan in written form?

1. Yes
2. No
3. Not sure

QR111B. Was the plan discussed with you?

1. Yes
2. No
3. Not sure

QR113. Did the plan meet the safety and supervision needs of the children in your home?

1. Yes
2. No
3. Not sure

S-A-Y Questions

QR115. *Was a child identified by the agency as sexually aggressive placed into your home during the first half of 2009, including only those children who remained in the custody of DCFS and not in guardianship.*

1. Yes
2. No → SKIP to Q27
3. Not sure → SKIP to Q27

I'd like to read the definition of a "Sexually Aggressive" child to you:

Sexually Aggressive Youth means those youth who have committed a sexually aggressive act or other violent act that is sexual in nature, whether or not they have been charged. This does not refer to developmentally normal exploration. The sexually aggressive acts should have involved power over the victim through age difference (normally four or more years) or force/coercion.

Q115A. *Given this definition of "Sexually Aggressive" children, would you say that this child you care for meets this definition?*

1. Yes
2. No → SKIP to Q27
3. Not sure → SKIP to Q27

QR114. *Have you received specialized training to care for a child identified as sexually aggressive, sometimes referred to as S-A-Y?*

1. Yes
2. No
3. Not sure

QR116. *Was a supervision plan developed by the agency to support your care of this child?*

1. Yes
2. No → SKIP to Q27
3. Not sure → SKIP to Q27

QR116A. *Was the plan in written form?*

1. Yes
2. No
3. Not sure

QR116B. *Was the plan discussed with you?*

1. Yes
2. No
3. Not sure

QR118. Did the plan meet the safety and supervision needs of the children in your home?

1. Yes
2. No
3. Not sure

Adequate Support - C

The next few questions are about your interactions in the first half of 2009 with the agency.

Q87. In the first half of 2009, were there any times when you had a crisis or emergency related to your role as a caregiver and asked the agency for help?

1. Yes
2. No → SKIP to Q93
3. Not sure → SKIP to Q93

Q88. About how many times did this happen in the first half of 2009?

_____ # TIMES IN 2009

Q89. The last time you had a crisis or emergency related to your role as a caregiver in 2009, and asked the agency for help, did you get a timely response? Would you say. . .

- 1 YES, RIGHT AWAY
- 2 YES, BUT IT TOOK AWHILE
- 3 NO
- 4 Not sure

Q93. How supportive is the agency in helping you deal with cultural or ethnic issues during 2009? Would you say they are . . .

1. VERY SUPPORTIVE → SKIP TO Q96
2. SOMEWHAT SUPPORTIVE → SKIP TO Q96
3. SOMEWHAT UNSUPPORTIVE
4. VERY UNSUPPORTIVE
5. Not sure --SKIP TO Q96

Q93A. What's the main reason that you say the agency was unsupportive in helping you deal with cultural or ethnic issues during the first half of 2009?

_____ OPEN END

Q96. Overall how satisfied are you with the quality of help and support provided by the agency in the first half of 2009? Would you say . . .

- 1 VERY SATISFIED
- 2 SOMEWHAT SATISFIED
- 3 SOMEWHAT DISSATISFIED
- 4 VERY DISSATISFIED
- 5. Not Sure

Adequate Training for Role Responsibilities

Q27. Overall, thinking about ALL of the training that you have had in the last three years, how adequately has it prepared you to care for the needs of foster children placed in your home? Would you say . . .

- 1 VERY ADEQUATELY
- 2 SOMEWHAT ADEQUATELY
- 3 SOMEWHAT INADEQUATELY
- 4 VERY INADEQUATELY
- 5 Already prepared – did not need the training
- 6 Have not had any training
- 7 Not Sure

Demographics

Now, I have just a few questions about you for statistical purposes.

Q144. (ASK ONLY IF NECESSARY) For survey purposes, I need to ask, are you . . .

1. MALE
2. FEMALE

Q145. In what year were you born?

Q146. How would you describe the geographic area in which you live? Would you describe it as . . .

1. A RURAL AREA
2. A SMALL TOWN
3. A SUBURB
4. A CITY OR URBAN AREA
5. Not sure

Q147. Please tell me the racial or ethnic background that best describes you. [IWR: Read categories if R gives you a race or ethnicity that does not fit the list.]

- 1 AMERICAN INDIAN
- 2 BLACK OR AFRICAN AMERICAN
- 3 ASIAN, HAWAIIAN, OR PACIFIC ISLANDER
- 4 HISPANIC OR LATIN AMERICAN
- 5 CAUCASIAN OR WHITE
- 6 ESKIMO OR ALEUT
- 7 MULTIPLE ETHNICITIES
- 8 SOME OTHER ETHNICITY
- 9 Not Sure

Q148. What is the highest grade that you completed in school?

- 1 None, or grades 1 through 8
- 2 High school incomplete, grades 9 through 11
- 3 High school graduate, grade 12 or GED
- 4 Business, technical, or vocational school AFTER high school
- 5 Some college, but no degree
- 6 Associate (2-year) college degree
- 7 College graduate (4-year), BS, BA, or other
- 8 Post graduate training or professional school
- 9 Masters degree
- 10 Doctorate degree
- 11 Not Sure

Q153. What is your zip code? _____

Q154. In which COUNTY do you live? IWR: This is asking for County NOT Country

1. Adams
2. Asotin
3. Benton
4. Chelan
5. Clallam
6. Clark
7. Columbia
8. Cowlitz
9. Douglas
10. Ferry
11. Franklin
12. Garfield
13. Grant
14. Grays Harbor
15. Island
16. Jefferson
17. King
18. Kitsap
19. Kittitas
20. Klickitat
21. Lewis
22. Lincoln
23. Mason
24. Okanogan
25. Pacific
26. Pend Oreille
27. Pierce
28. San Juan
29. Skagit
30. Skamania
31. Snohomish
32. Spokane
33. Stevens
34. Thurston
35. Wahkiakum
36. Walla Walla
37. Whatcom
38. Whitman
39. Yakima
40. Not sure
41. Out of State

QLAST This is my last question. Do you recall doing an interview with us in 2007, 2008, or 2009 about your foster care experiences?

- A. Yes – in 2007
- B. Yes – in 2008
- C. Yes – in 2009

Closing

Q155. That completes the survey. Your help is greatly appreciated. If you have any additional comments or questions about Washington's Foster Care system or about this survey, I can take note of them now.

Thank you very much for taking the time to participate in this survey and share your opinions about these issues. Thank you!

Section O. Next section is filled out by the interviewer about the quality of the interview
[CATI NOTE: Use standard interviewer questions]

Survey Letter

November 6, 2009

«FNAME» «LNAME»
«ADDR1»
«ADDR2»
«CITY», «STATE» «ZIP»

Dear Foster Parent or Caregiver:

We need your help! I am writing to let you know that you will be contacted sometime in the next two weeks for a telephone survey of foster parents. The survey is being conducted as part of the Braam Settlement Implementation Plan, and the purpose is to gather information about your experiences to ensure that you are getting the training and support you need.

Your participation is voluntary, but is crucial to the survey's ability to accurately represent the opinions of all foster parents in Washington State. This is an opportunity for you to tell the Children's Administration and the Braam Oversight Panel how things are going.

In order to ensure your confidentiality, Washington State University's Social and Economic Sciences Research Center (SESRC) is conducting the survey. All information about you will remain in a confidential form here at SESRC and no personally identifying information will be shared with anyone else, including the Braam panel, and Children's Administration. Your answers will be combined with those of other survey participants so that individual answers cannot be identified in the results. Overall survey results will be used by the Braam Panel and by DCFS (Children's Administration) to identify ways of improving the training and support provided to foster parents.

Results will be available early next year (2010), at the Children's Administration website: <http://www1.dshs.wa.gov/ca/fosterparents/index.asp> and on the Braam Panel website. This is the fourth year that a survey of foster parents has been undertaken. The results from the three previous year's surveys of over 1200 foster parents and relative caregivers are available on the Braam Panel website at www.braampanel.org.

The interview will take 20 minutes or less. If the interviewer calls at an inconvenient time, they will gladly make an appointment to call again at a more convenient time.

If you have any questions about the survey or about your participation please call SESRC at 1-800-833-0867 and ask to speak with the Braam survey coordinator, or you may email us at sesrc@wsu.edu. You may also call us if you want to schedule a specific appointment time for the interview. Information about the survey is also available at the Braam Panel website at www.braampanel.org.

Thank you so much for your time and for the care you provide every day!

Sincerely,

John Tarnai
Director
